PROFILE SUMMARY

I am an Accounts Receivable professional with over 4 years of experience in portfolio collections and credit analysis. I am driven through experience and knowledge, always wanting to go above what's expected. My goals are to become a subject matter expert in whatever role I have and obtain results the right way. I am also an excellent team player having received numerous recognition for my work from peers and stakeholders. Looking to shift my career as an Accounts Receivable Specialist to a Python Backend Developer.
